Priority Payment Systems, LLC. Completes 2018 PCI-DSS 3.2 Certification
Audit conducted by MegaplanIT, LLC. and validated on November 30, 2018.

Alpharetta, Georgia. – November 30, 2018: Priority Payment Systems, LLC. announced today that it has successfully completed a 2018 audit for PCI-DSS 3.2. The certification of validation was issued November 30, 2018 by an authorized Third Party Assessor and a Qualified Security Company (QSC), certified by the PCI Security Standards Council.

Priority Payment Systems undergoes these efforts to ensure the organization securely aligns its policies, procedures, and technical systems in an effort to secure PCI, sensitive, and financial data.

The annual assessment process requires a detailed evaluation of key areas of the business including, but not limited to: Policies and Procedures; Network Data Flow Diagrams with Narratives; Documented System & Network Inventories; Physical/Environmental Security, Corporate & Third Party Data Centers; Internal & External Vulnerability Assessments; Internal, External & Application Penetration Testing; Encryption; System & Network Hardening Standards; Patch Management; Access Control; Data Storage; Wireless Network Analysis; Testing of Deployed Security Measures; Logging & Auditing; Security Monitoring; Incident Response.

Adhering to industry standards validates that Priority Payment Systems' security posture is in line with Information Security Best Practices.

With the 2018 completion of the PCI DSS 3.2 audit, customers have validation that Priority Payment Systems' processes and procedures operate at or above the latest industry standards.
